Armega

The ARMEGA offers unparalleled dominance for the modern racer: bringing ULTRA HD lens clarity to motocross.

Features

- Category defining ULTRA HD lens provides unmatched optical clarity
- Bonded, dual-injection frame construction maximizes strength and durability
- Perforated triple-layer face foam manages sweat and increases ventilation
- Quick-release system offers simple lens changing capability
- Force air intake ports increase circulation and maximize humidity evacuation
- Ultra-wide 48mm strap with thick silicon bead for maximum grip
- 6-point locking tabs integrate with quick-change system maximizing lens retention
- Contouring compression seal technology to keep goggles in place
- Removable nose guard for extra deflection against roost and debris
- Injection-molded 2mm impact-rated, shatter-resistant lens
- Next generation sweat collection management and drainage system

Armega HiPER

It's simple. Humans see three primary colors – Red, Green and Blue.

Human vision begins to distort where these three colors overlap. 100% HiPER Lenses proprietary filter out these crossovers, resulting in greater contrast and even more vibrant colors.

By ramping up contrast, riders experience depth-defining vision with unmatched perception to feel every detail of terrain before commanding past it.

Armega

The ARMEGA offers premium technology through an injection-molded, shatterproof lens that boasts an enhanced field of vision and impact protection. The 6-point locking-tab integration secures the lens and works in unison with a quick-change system enabling you to switch between lenses with a couple of simple clicks.

A bonded, dual-injected frame incorporates a next generation sweat management system that collects sweat as your ride intensifies and forces it away from the lens and out of the goggle through an integrated channel in the frame. Force air intakes in the frame promote increased airflow to ensure fog-free vision, despite heated efforts overcoming sub-par competition.

Want a goggle designed to give it 100% deep in the battlegrounds of bike? Look no further than the ARMEGA

ARmatic

Introducing ARmatic - the latest evolution in the lineage of 100% motocross goggles.

Born from the legacy of the championship-proven ARMEGA, ARmatic breaks new ground in MX goggle innovation. Building upon the success of ARMEGA's 3-D molded lens technology, ARmatic ensures the most accurate vision in motocross. Engineered with a revolutionary quick-release lens-changing system seamlessly integrated into the frame, ARmatic delivers exceptional performance and prioritizes user convenience. The result is a motocross goggle that redefines comfort and visual clarity.

At every stage of design and engineering, consumer value took center stage in the creation of ARmatic. The commitment to value without compromising performance has resulted in a high-performance MX goggle that stands out at an affordable price.

Get ready to experience motocross in a new light with ARmatic—the perfect blend of precision, comfort, and affordability.

Features

- Injected high impact resistant Ultra HD optically correct lens
- 6-point molded locking tabs for maximum lens retention
- Full contour compression gasket for optimal lens sealing
- Dual push to lock and lift system supports quick lens changes

- Ultra wide 48mm strap with thick silicon bead for ultimate grip
- Plush 3D molded face foam maximizes comfort and manages sweat
- Microfiber bag included for goggle transport and cleaning

Sold Separately:

- Supports triple post racing tear-offs
- Supports ForeCast mud film system

Armega/ARmatic Forecast

The revolutionary Armega/ARmatic Forecast Goggle is a complete mud system comprised of precision engineering that operates seamlessly in the worst conditions.

Features

- 50mm ultra-wide film provides the maximum vertical field of view
- Smooth action film puller provides a rapid cleaning of the entire field of view
- Supports multiple tear-off options, such as leak-resistant laminated tear-offs (Sold Separately)
- Transparent mud-visor prevents seepage behind the film
- Overspin limiter keeps film taut at all times to resist turbulent wind release
- Compatible with all versions of the Armega/ARmatic Goggle
- Multiple canister scrapers clean the film to reduce mud consumption
- Utilizes the proven Armega/ARmatic rapid lens changing and locking system
- Translucent canisters provide easy viewing of the remaining film
- Includes the optional Forecast Shield which increases film retention during extreme conditions
