

Beta

C45 PRO

A photograph of a modern, modular workshop workstation. The main surface is a dark grey or black, with a prominent horizontal orange stripe. On the left, the 'Beta' logo is mounted in a metallic, 3D style. Above the logo, the text 'NEW DESIGN C45PRO' is displayed in a large, bold font, with 'NEW' and 'DESIGN' in white and 'C45PRO' in orange. In the background, several screwdrivers with orange and black handles are visible on a reflective surface. On the right side, a cabinet door is open, revealing shelves with various items like a roll of paper and a small container. The overall lighting is dramatic, highlighting the textures and colors of the equipment.

NEW DESIGN C45PRO

 **Beta**

The modular workshop equipment, C45PRO, allows you to create your own work environment according to both the amount of space you have available and your usage requirements. This simple, flexible range based on predetermined combinations, can be expanded or changed in time. Alternatively, you can fully customize your workstation, starting with the worktops – available in stainless steel coated MDF or multi-ply wood – and supplementing them with the numerous parts and accessories you can choose from.

Tailor your work environment to suit your needs. Make your workshop or garage look different. Choose from the preassembled solutions or create your workstation from scratch.

3D PLANNER

Imagine and create...

Configure your workshop in 3D online

STEP 1

Draw the walls

Create the walls according to the dimensions of your workshop.

STEP 2

Design your workbench system

Select and assemble the component parts, to make your own combination.

STEP 3

View the result in 3D

The combination is immediately displayed in 3D and can be viewed from different angles.

STEP 4

Request a quote

Print the detail of the arrangement in PDF format and take it to your dealer to get a quote.

CUSTOMIZED MODULES ON REQUEST

Fill your drawers with customized modules in six steps

1

Determine your needs and send your project to the Beta dealer

2

We will receive and codify your initial assortment of the project

Image	Product	Cod. Beta
	Self-locking pliers	010540022
	Pliers	010440250
	Pliers	011500046
	Screwdrivers for slotted head screws	012011039
	Screwdrivers for cross head Phillips® screws	012021018

3

We will execute the design

4

We will submit the final layout for your approval

5

We will build the soft modules in Beta's factory in Sovico

6

We will deliver the tools in the customized modules
