

ON ROAD BOOTS 2025/2026

GAERNE

 **HOCOPARTS**
PREMIUM MOTORCYCLE PRODUCTS

BOA® | Li2 | 

THE **GP1 LS** IS GAERNE'S ULTIMATE RACING BOOT, DEVELOPED IN COLLABORATION WITH OUR PROFESSIONAL RIDERS AT OUR R&D CENTER. WITH THE INNOVATIVE FLOATING SYSTEM, IT ALLOWS FOR NATURAL FOOT MOVEMENT WHILE PREVENTING ANKLE TWISTING. TWO RUBBER INSERTS ON THE INNER CALF AND HEEL PROVIDE ENHANCED GRIP AND PROTECT THE LEG FROM HEAT. THE ADJUSTABLE AND REPLACEABLE BOA® LI2 REEL ENSURES A CUSTOM FIT AROUND THE CALF. FURTHERMORE, THE HIGH-WEAR-RESISTANT MAGNESIUM TOE SLIDER AND THE OIL-RESISTANT RUBBER SOLE, DESIGNED TO PROVIDE EXCELLENT GRIP, COMPLETE THIS PREMIUM BOOT. PROUDLY MADE IN ITALY, THE GP1 LS EMBODIES GAERNE'S UNWAVERING COMMITMENT TO QUALITY AND EXCELLENCE IN RACING GEAR.

GP1 LS

Made for racing

GAERNE FLOATING SYSTEM:

Made of carbon composite, allows the foot to move without compromising flexibility and preventing hyper extension or compression.

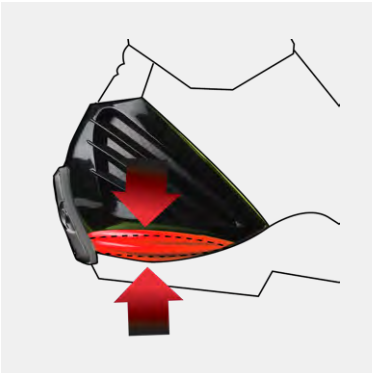

SLIDER:

High-wear-resistant magnesium toe slider allows for totally free foot movement. Attachment points are well away from the areas that normally suffer from abrasion.

SHOCK ABSORBING HEEL CUP:

Non-deformable polyurethane heel cup is protected by a replaceable low-friction magnesium slider. Anti-shock heel features an internal comfort-enhancing decompression zone, located between the insole and sole.

ADJUSTABLE CALF CLOSURE SYSTEM:

Adjustable and replaceable BOA Li2 reel enables a custom-fit around the calf area

GRIP GUARD:

Two rubber inserts (inner calf and heel) provide additional grip and protect the leg from engine/exhaust heat.

SOLE:

Variable density, oil and wear-resistant, rubber sole features a unique design that provides excellent grip.

PERFECT FOR EVERYDAY COMMUTING IN THE CITY, IT DELIVERS LIGHTNESS AND COMFORT BOTH ON AND OFF THE BIKE. THE UPPER IN HIGHLY BREATHABLE MESH FABRIC, COMBINED WITH A WATER-REPELLENT COLLAR, HEAT-SEALED ZIPPER AND ELASTIC SIDE INSERTS ENSURE A SECURE, ADAPTABLE FIT. A VELCRO STRAP PULLER AND HEEL LOOP ALLOW QUICK AND EFFORTLESS FASTENING. MALLEOLUS REINFORCEMENT, A TPU GEAR SHIFT PAD AND HEEL STABILIZER PROVIDE SAFETY, WHILE REFLECTIVE DETAILS ENHANCE VISIBILITY DURING NIGHTTIME RIDING. THE G.AERION BI-COMPOUND GAERNE SOLE FEATURES A LIGHTWEIGHT RUBBER TREAD WITH A THREE-LANE TIRE-INSPIRED DESIGN, DELIVERING OPTIMAL GRIP AND STABILITY. IT IS PAIRED WITH AN EVA MIDSOLE FOR CUSHIONING AND A THERMOFORMED FOOTBED THAT ENSURES LASTING COMFORT BOTH ON AND OFF THE BIKE.

THE **G_LETUR** IS ALSO AVAILABLE IN A SUMMER VERSION, CRAFTED FROM LIGHTWEIGHT CANVAS FOR MAXIMUM BREATHABILITY.

G_LETUR AQUATECH

DESIGNED FOR CITY COMMUTING, BOTH ON AND OFF THE BIKE, THIS SNEAKER SEAMLESSLY BLENDS STYLE AND FUNCTIONALITY WITH A MODERN, YOUTHFUL DESIGN. BUILT TO WITHSTAND UNPREDICTABLE WEATHER, ITS DURABLE NUBUCK LEATHER UPPER AND AQUATECH MEMBRANE OFFER WATERPROOF AND BREATHABLE PERFORMANCE. THE SHOE FEATURES A SECURE ZIP CLOSURE ALONG WITH LATERAL VELCRO FASTENERS AND TRADITIONAL LACES AT THE FRONT, ALLOWING FOR A PERSONALIZED AND SNUG FIT. ADDITIONALLY, THE SNEAKER'S RUGGED SOLE PROVIDES EXCELLENT GRIP AND STABILITY, ENSURING BOTH COMFORT AND PROTECTION WHETHER YOU'RE WALKING OR RIDING. COMBINING STYLE, PROTECTION, AND AFFORDABILITY, IT'S THE PERFECT CHOICE FOR VERSATILE URBAN LIVING.
