GILLES.TOOLING

TOP QUALITY FOR BEST PERFORMANCES

Since 2000, GILLES.TOOLING has been providing motorcycle enthusiasts around the world with innovative and high-quality accessories for racing and road use.

As a former motorcycle racer, Gerhard Gilles, the company's founder, combines a passion for the sport with the technical knowledge and experience. The development of the first multivariable rearset AS31GT kick-started a dynamic company, which today sells its extensive product-range worldwide.

GILLES.TOOLING IS PROUD TO BE A MANUFACTURER OF THE ORIGINAL EQUIPMENT OF BMW, YAMAHA AND SUZUKI FOR MANY YEARS.

BMW S1000 RR	2009-2014	US-21-K46	N	R	8	119,00
BMW S1000 RR	2009-2014	US-21-K46	B	R	8	139,00
carbon heel guard right		CAR01-R-8-66				66,05

color: black = B / gold = G / black-silver = BS / aluminum-nature = N

shifting: normal shifting = N / reverse shifting = R / reverse shift lever necessary = N / optional R

remarks:

- reverse shifting only possible by removing the sprocket-cover
- reverse shifting only possible by removing the side stand
- only left carbon heel guard / optional carbon heel guard part no: CAR01-R-8-66
- original quickshifter must be replaced by one working on pressure (original works on pull)
- cup-rearset! no preparations for exhaust mounting and no pillion rider extension available
- doesn't fit Edwards and Haga replica
- not in gold
- lower fairing needs a cutout-only in conjunction with BMW quick shifter-otherwise you need to order a gear shaft kit (USW03-B + USWAD01-B)
- no pillion rider possible
- incl. pillion footpeg

CBR 650 F	2014-	US-20-RC75	G	reverse shifting kit		139,00
YAMAHA						
YZF-R1	2009-2014	HA-US-16	B	gear lever holder		29,90
YZF-R1	2015-	US-42-RN32	B	reverse shifting kit		159,00
YZF-R1M	2015-	US-42-RN32	B	reverse shifting kit		159,00
YZF-R6	2006-2016	US-08-RJ11	N / B / G	racing gear lever kit		129,00

color: aluminum-nature = N / black = B / gold = G / titanium = T

remarks:

1 lower fairing needs a cutout-only in conjunction with BMW quick shifter-otherwise you need to order a gear shaft kit [USW03-B + USWAD01-B]

2 no gp-shifting possible with OE quick shifter

color: black = B / gold = G / silver = S

extension: VB2 = specific VARIOBAR2 extension

remarks:

- 1 new throttle cable, Suzuki art.-no.: 1x58300-33E00-000/ 1x58300-33E10-000
- 2 longer brake hose required when mounting extension kit
- 3 new throttle cable, Honda art.-no.: 1x17910-MCJ-000/ 1x 17920-MCJ-000
- 4 not possible with OEM grip heater
- 5 including brake hose extension (brake must get bleed)
- 6 only 0 degrees adjustment and not with XTL levers
- 7 including steering damper bracket
- 8 only in black color

remarks:

- can only be mounted on the 899 if the magnesium clutch cover from Ducati original accessory line is installed on the bike
- right side MP-R-MV01: included a milled loop for mounting an optional locking wire towards the oil filler cap

color: black = B

information: price / piece

remarks:

- 1 in conjunction with the handlebar LU-B-SV650A
- 2 removal of inner thread necessary
- 3 detach the handlebar M6-inlays
- 4 do not use it in conjunction with variobar
- 5 all handlebars with M16 thread or 14-16,5 mm inner diameter
- 6 for our GTO-L handlebar

SPECIAL FEATURE: THIS PRODUCT IS UNDER USE BY OFFICIAL CHAMPIONSHIP RACING TEAMS!

GENERAL CONDITIONS

Trademarks

© APRILIA, BMW, BUELL, DUCATI, HARLEY-DAVIDSON, HONDA, KAWASAKI, KTM, MV AGUSTA, MZ, SUZUKI, TRIUMPH, YAMAHA, are registered trademarks and all rights belongs to its proprietor. Here we used only as a reference.

Quotations / Offers

The contents of the catalog (offers) are never binding and are always subject to change without notice. We reserve the right to do any corrections due to calculation or printing errors. In view of the constant technical development and improvement, we reserve the right to do any alterations regarding e.g. design, illustrations etc. – as far as this alteration does not influence the value of the product.

Prices and payment terms

All prices in this catalog are including 19% VAT / version May 2017. The shipping charges will be at the cost of the Customer and will be listed separately in the order confirmation/invoice. The shipment will be at the cost and risk of the Customer. We are entitled to carry out partial deliveries. The Customer may however not require such a partial delivery, unless he bears the relevant costs.

Delivery terms

Delivery times and deadlines must be agreed in written form. The terms of delivery come into effect on the date of order confirmation, however, not before all delivery details are absolutely clear. The terms of delivery are taken to be complied with when the object of delivery has been shipped before the deadline. All agreed delivery deadlines are subject to correct and on-time delivery from our own suppliers. The delivery deadline is extended appropriately in case of measures associated with industrial action, especially strike and lockout, as well as the occurrence of unforeseen hindrances that lie outside our volition, as for example legal or official instructions (e.g. import and export restrictions) or in the event of delays in delivery and/or by force majeure. The circumstances described above are also not within our authority if they occur during an already existent delay. In important cases, we will inform the Customer about the beginning and end of such hindrances as soon as possible. When we are at fault, the Customer agrees to grant us a reasonable alternative deadline. After the elapse of the alternative deadline, he can renounce the contract, if he did not receive notification that the goods were ready for shipment before the alternative deadline. Any claims for damages, whether for direct or indirect damage as well as any other claims under the guarantee, for non-compliance of delivery dates or rather delivery deadlines are excluded. Partial deliveries are permissible to partly fulfil the contract. However, this does not apply whenever the Customer proves that a partial fulfilment of the contract is of no particular interest to him. Partial deliveries shall be considered as independent deliveries as concerns payment obligations, transfer of risks and warranty obligations. In the event that only certain products ordered are not available, the Customer may either cancel the contract in its entirety or retain the contract and request the delivery of those products which are available.

The risk is passed to the Customer as soon as the shipment has been handed over to the person who has been authorized to execute the transportation or when the shipment leaves the warehouse for the purpose of shipment. The Customer shall bear all direct and indirect damages in the event of errors in the indication of the delivery address, especially if the address is incorrect or incomplete. In the case of unforeseeable events (as strikes, wars, fires, interruptions in the public transport system, delays with suppliers, etc.), we reserve the right to suspend the execution of our commitments, or to cancel the contract without prior formal notice. Each of the amounts already paid by the Customer will be refunded as soon as possible. The Customer cannot require the payment of interest with respect to these sums. The Gilles Tooling GmbH cannot be made responsible for the direct or indirect consequences due to the suspension or the cancellation of the contract, save for liabilities and expenses arising from our gross negligence or misconduct (négligence grossière ou faute lourde) or intentional harm (faute intentionnelle).

Warranty period

The warranty period equals 2 years for all gilles tooling products. The warranty period starts on the date of delivery. The warranty period will not be extended or renewed or otherwise affected due to subsequent resale, repair or replacement. In the event of sale of the product within the warranty period the following provisions shall apply to the same extent and may also be asserted after the change of ownership. The initial proof of purchase has to be available, either in original form or as a copy. Any claim under this product warranty is subject to you notifying your authorised dealer or gilles tooling of the alleged defect immediately after it has come to your attention and in any event no later than before the expiry of the warranty period.

Warranty requirements

Warranty is given when the following requirements are satisfied: All components must be maintained in their original condition and must not have been altered subsequently. The proof of purchase has to be available. All components have to be used on series-production vehicles. In case of doubt about the existence of a defect, or in the event a visual inspection or a testing of materials should be necessary, gilles tooling is entitled to request and inspect the defective components. All parts of the product that are replaced under warranty shall become the property of gilles tooling after acceptance of the claim. Components which have been repaired or replaced during the warranty period are warranted for the remaining unexpired portion of the original warranty period.

Other important notices

The laws of the Grand-Duchy of Luxembourg shall apply exclusively for contracts concluded by gilles tooling on the basis of these warranty conditions and for all claims arising therefrom regardless of type excluding the application of the UN Convention on contracts for the International sale of goods (CISG).
